experience

a revolution in pool cleaning...

Quality - Proudly made in the USA of the highest quality materials.

Reliable - Works in any pool. Spends more time in the shallow end than any other cleaner.

Powerful - Patented Power Adjusting Turbine and Tire Tread Design will overcome any obstacle.

experience

American made quality...

SELF ADJUSTING TURBINE VANES

All the POOLCLEANER™ cleaners have the patented self-adjusting turbines, which maximizes the power from the water flow and allow for the easy passage of large debris.

STEERING SYSTEM

The POOLCLEANER™ has an internal programmed steering system, that causes the left wheel to periodically reverse, allowing the POOLCLEANER™ to turn and then move into another direction. The 4x Suction POOLCLEANER™ travels 11 to 14ft before turning. (Turns ranging from 90 to 540 degrees) This feature allows the POOLCLEANER™ to cover not only the deep end, but also the shallow end. The 4 Wheel POOLCLEANER™ is intended for larger pools and comes with approx 40 ft of hose.

ROBUST TIRE TREADS

One look and you will see that the patented tire treads give the POOLCLEANER™ better climbing ability and obstacle maneuverability. This makes the POOLCLEANER™ ideal for all pool surfaces and shapes.

ADJUSTABLE SKIRT

The POOLCLEANER™ has patented adjustable skirts that allow the cleaner to maintain optimal suction under the machine even when it encounters obstacles.

AUTOMATIC BYPASS VALVE

The POOLCLEANER™ comes with a patented automatic bypass valve that regulates the suction to the POOLCLEANER™. This bypass valve regulates the suction so that the POOLCLEANER™ does not exceed the optimal 11-13 RPM (revolutions per minute). This Bypass Valve serves another important purpose. Should your POOLCLEANER™ get clogged by an object the valve will snap into a completely open position, preventing your pump from running dry. Once in this completely open position the system must be turned off, the cause of the problem identified and solved, and then the Bypass Valve must be manually reset.

experience

poolvergnuegen...

(pool-fair-gnyoo-gen)

Besides being our company name, "POOLVERGNUEGEN" means pool pleasure. *The PoolCleaner™* WORKS so that you can experience POOLVERGNUEGEN.

The first thing you will notice when you look at *The PoolCleaner™* is that it is of the highest quality. *The PoolCleaner™* is robust and if maintained properly will result in many years of pool cleaning. We use only the highest quality materials to ensure the best pool cleaning products. *The PoolCleaner™* is proudly made in the USA. This cleaner was invented, designed and built with years of experience in the pool industry. Every cleaner is tested to insure the finest quality.
